The Virtual Learning Academy (VLA)

- is designed for cooperation, not competition, with the school district.
 - School districts can use VLA courses to provide alternatives to students while they remain fully enrolled in their home districts, thus maintaining state funding.
 - School districts can use their own teachers or utilize the JCESC teachers.
- offers a viable option that allows your school district to compete with other e-learning schools.
- provides the online learning component of a blended learning model, supporting both synchronous and asynchronous learning and communication; with face-to-face and online teacher-student interaction.

The Virtual Learning Academy (VLA) provides

- a curriculum that is fully aligned to the Ohio Academic Content Standards, which are deeply rooted into the National Academic Content Standards;
- a curriculum accredited by North Central Association Commission on Accreditation and School Improvement, (NCA CASI), accreditation divisions of AdvancED;
 - This accreditation examines the whole institution—the programs, the cultural context, the community of stakeholders—to determine how well the parts work together to meet the needs of students.
- an extensive portfolio of web-based curriculum spanning Grades K-12 (*Courses included on back*); and
- a user-friendly Learning Management System that can be navigated by students of all ages and abilities.

The Virtual Learning Academy (VLA) is e-learning that

- teaches required subjects for graduation including the OGT (Ohio Graduation Test);
- fits all learning styles;
- appeals to student's interests;
- fulfills the needs of students & families.

When a school district adopts a resolution to collaborate with JCESC/VLA,

- our online curriculum becomes an approved education option, an extension of the school district and parents become involved in determining if this option will benefit their students.

VLA is an option for any student the District Superintendent believes can benefit from the program, including but not limited to:

- Gifted on WEPs (*Written Education Plan*)
- Enrichment
- Home-bound and/or home schooled
- In need of credit reclamation
- Drop outs
- Assigned to Alternative schools
- Requesting Credit Flex, Test-Out options
- Special Needs on IEPs (*Individualized Education Plan*)
- At-risk
- Incarcerated
